James Robinson
Water District 41

RE: Delivery of water in 20011 season

Water was plentiful in the district this year with the exception of the Landing Creek drainage. On about the 1st of June the waters of Richard and George Udy were cut to fill the Landing Ditch. It was full at that point but slowly declined until reaching about 5.25 inches in the measuring box in the first part of July.

In the end of July water was a little short at the Ivan Charles pump, but after taking a little of the high water off the Brown-Parker Ditch, and the Adjhead Ditch, things balanced out.

In September when the meadow rights, came back on the Adjhead ditch was a little short, but 2 days later things seemed to balance out on their own. After the 15th of September some people had stopped irrigating and I considered the watermaster job done.

Since all the Ditches in the valley had most of the time all the water they wanted with small adjustments I considered the water delivered as their decreed amount from June 15th till September 15th. The exception to the are Richard Udy, and George Udy on the upper Landing Creek which I considered cut off.

James Robinson

Watermaster
